MAKE THIS THE TOP FLAP

use clear tape

FOLD ON THIS LINE

-COVER INTERIOR-
To make your Noah's Flood Made Easy Series envelope, print this page on the opposite side of the envelope cover, then use it as the envelope to hold all of the elements of the series, including a copy of the timeline. After printing and folding all pages, stack them here and fold this page around them, then tape it closed on the back all the way down the center where it comes together from top to bottom, folding any excess in. Then fold up the bottom and tape it and leave the top open, or use a small bit of tape to close it and easily reopen it. Then share it with others who care about how the Earth got the way it is.
